Overview

The World's Best Workforce Plan (state statute, section 120B.11) is a comprehensive, long-term strategic plan to support and improve learning and teaching with the ultimate goal of creating the World's Best Workforce. It is intended to serve as a foundational document that aligns educational initiatives that serve students in pre-k through high school and is based upon the five following goals:

- All children are ready for school.
- All third-graders can read at grade level.
- All racial and economic achievement gaps between students are closed.
- All students are ready for career and college.
- All students graduate from high school.

The Duluth Public Schools World's Best Workforce Plan serves as a blueprint that demonstrates how current district initiatives and plans work together in a concerted effort to engage, inspire, educate, prepare and empower all learners in partnership with their surrounding community to be successful in the present and future society.

There are many district plans and policies that support World's Best Workforce goal areas. Those plans/policies include the following:

- [Head Start Annual Plan](#)
- [Local Literacy Plan: Read Well by Grade Three](#)
- [Achievement & Integration](#)
- American Indian Education Plan
- [Teacher Development and Evaluation Plan](#)
- [Principal Development and Evaluation Plan](#)
- [Duluth Public Schools MTSS Handbook](#)
- [PLC Handbook](#)
- [Continuous Improvement Handbook](#)
- [Duluth Public Schools Staff Development Plan](#)
- Early Kindergarten Procedures:
 - » Student Promotion, Retention, and Program Design, [Policy 513](#) and [513R](#)

Mission

Every student, every day will be empowered with learning opportunities for growth, creativity and curiosity, in preparation for their future in a global community.

Vision

Duluth Public Schools provides an academically engaging, safe and inclusive environment with high expectations and responsible use of resources.

Strategic Plan

Duluth Public Schools worked on a comprehensive strategic planning process from April 2022 through May 2023. The overall process and strategic plan were created with input from Duluth Public Schools students, staff, families and community members focused on future system-wide enhancements to improve outcomes for students. The planning has resulted in a 3-year operational plan, a progress monitoring schedule and a 3-year school board plan. The [Strategic Roadmap](#) includes the district's mission, vision, core values, desired daily experiences and strategic directions.

Strategic Directions

Supporting Every Student: Duluth Public Schools staff will work in collaboration to determine all students' learning, behavioral, and social-emotional strengths and challenges. We will utilize a multi-tiered system of supports to improve instructional practices to best meet the needs of every learner. Strategies will be implemented to create positive and safe learning environments. Students will be provided additional support to grow and improve through intervention and enrichment.

Advancing Equity: Duluth Public Schools will be a place where everyone feels a sense of belonging and accomplishment. We are committed to strengthening relationships and building trust with all communities. We are dedicated to advancing an Education Equity Framework implementation and accountability plan to increase our ability to think, behave, work, and lead with an equity mindset. As part of the plan, all staff will receive on-going diversity, equity, and inclusion training.

Improving Systems: Duluth Public Schools engages in continuous improvement to support services, processes, and resource allocation. Our continued focus on recruiting and retaining highly effective, dedicated, and diverse staff will ensure our ability to educate, support and inspire our students to reach their full potential. We will ensure clean, safe and appropriate learning environments. We are committed to a budget that meets the educational needs of our students through improved financial forecasting to better align our resources with our district priorities.

Core Values

Learning

Equity

Excellence

Collaboration

Belonging

Access to Excellent and Diverse Teachers

The percent of students of color in the district is 22.5% while the percentage of teachers of color is at 6.15%. In order to attract more diverse candidates, Duluth Public Schools posts open teaching positions on a variety of job sites, collaborates with universities to provide quality student teaching experiences for emerging educators.

The district uses EdPost — the state's primary source for teacher recruitment — to announce job openings. In addition, teaching jobs are posted at the Handshake website, state-level and nationwide job-posting websites to recruit candidates from outside Minnesota. Teaching positions are also posted on the National Indian Education Association and the National Alliance of Black School Educators. Job openings are also posted at school social media outlets and the Minnesota state workforce center and Wisconsin state workforce center.

Our licensed teaching staff is currently unrepresented by the student racial and ethnic groups of Native Hawaiian or other Pacific Islander and individuals of two or more races.

- The education background of our teaching staff is currently made up of over 77% Master's or higher degreed teachers. Furthermore, over 90% of our teachers are experienced teachers.
- Additionally, if we have staff that are viewed as ineffective teachers in an area of their evaluation, we are providing support and improvement plans to help that teacher become effective again. Our District's goal is to recruit, hire and retain a teaching staff that more closely reflects our student demographics in terms of percentage racially/ethnically diverse.
- Increased advertisement and job posting locations. 100% of teacher positions were filled before the start of the school year.
- Our staff of color totals 15.72%, with teachers making up 6.15%.
- Percentage of teachers with a master's degree or higher is 77%
- Percentage of teachers with more than 3 years experience is 90%

GOAL 1

All children are ready for school

365

students served in seven elementary schools

55%

of Head Start students served identify as a race other than white

Student Achievement Goal:

By Spring of 2024, 85% of 4-year-old children who participate in Duluth Public Schools preschool programs will score within the “End of the Year Before Kindergarten Range” in 4 out of 5 domains as measured by the Desired Results Developmental Profile. Domains include Approaches to Learning, Social & Emotional, Language & Literacy, Cognition, and Physical. Growth across all demographic groups will be monitored.

Strategies Implemented to Meeting the Goal:

Supporting Every Student

- Deliver content through developmentally appropriate practice of teaching.
- Full implementation of a behavioral framework called the Pyramid Model.
- Across the district, preschool teachers are receiving individualized coaching to improve their skills in the classroom.
- Offer information and support to parents that assist them in parenting young children in multiple ways, including videos, hand-outs, text messages, conferences, parent engagement events and more.*
- Offer home visits as a way to build connections at the beginning and end of the school year, and as a program option.
- Continue to provide high quality Early Childhood Family Education (ECFE) and parent education services in schools and sites district-wide so that all families have access.
- Added more mental health support at the preschool level.*

Advancing Equity

- Prioritize serving the most vulnerable population within our community (homeless, foster care, etc.).

Improving Systems

- Build relationships with parents, families, and community partners to provide information, support, and education.
- Include family voice through parent advisory boards for ECFE and Preschool.
- Revive the P3 (Prenatal to Grade 3) Committee to ensure seamless transitions throughout the early years of a child’s life.

GOAL 2

All 3rd graders can read at grade level

Our mission as part of our Local Literacy Plan is to ensure students read at grade level by the end of grade three. To accomplish this mission, we plan to:

- Use data to identify and support students who are not reading at grade level.
- Provide ongoing training to staff.
- Engage with families about reading progress and ways to support efforts at home.
- Ensure high quality education for every student.
- Promote positive school attendance as essential to literacy learning at school.

Student Achievement Goal:

By 2024-2025, 62% of third-grade students will be proficient in reading, as measured by the annual statewide accountability assessments (MCA and MTAS, all students tested). No student group will have a proficiency rate lower than 57%.

Strategies Implemented to Meeting the Goal:

Supporting Every Student

- Train elementary teachers on best practices and resources for teaching reading.
- Establish small group instruction to provide additional reading support to students in need.
- Implement tools to teach individual students and whole classes specific reading skills.
- Ongoing training and support for academic interventionists to use progress monitoring assessments to identify students in need of more support.*
- Introduce early reading skills using evidence-based instruction.
- K-2 teachers receive training in evidenced-based early reading instruction based on the five pillars of reading: phonemic awareness, phonics, fluency, vocabulary and comprehension.*
- Provide training on the science of reading consistent with state statutes.*
- Identify students each year in grades K-2 who are at risk of not reading at grade level by the end of second grade.*
- Communicate with parents and guardians about the literacy development of their children.

Advancing Equity

- Diverse classroom libraries were purchased to reflect and respond to a diverse student population.
- Implemented a Library PORT card to allow students access to public library resources more readily.*

Improving Systems

- Review and monitor effective use of data to guide teaching and learning.

All racial and economic achievement gaps between students are closed

One of the greatest and most pressing challenges facing Duluth's schools — and school districts across the country — is ensuring high achievement for all students. Our school district examines educational data and breaks it down into various demographics. Locally and nationally, race, ethnicity, socioeconomic status, and special education are areas where we need to increase student achievement.

As educators, and as a community, we want all students to realize their full potential. Our goal is to continue to work as a team to implement evidence-based practices to ensure high achievement for all students.

Student Achievement Goal:

Long-Term: By 2024-2025, 63.8% of students will be proficient in reading, as measured by the annual statewide accountability assessments (all students tested). No student group will have a proficiency rate lower than 58.8%.

Strategies Implemented to Meeting the Goal:

Supporting Every Student

- All schools are implementing Positive Behavioral Interventions and Supports (PBIS) frameworks to support student social-emotional behavioral needs.*
- Teachers work within Professional Learning Communities (PLCs) to review student data, identified learning targets, and plan lessons to support student learning needs. During the 2023-24 school year, PLCs will focus on providing identifying skills and concepts from standards, mapping learning progressions, communicating learning intentions and developing success criteria in order to provide better clarity to students about what they are learning and how to be successful.*

Advancing Equity

- Ongoing implementation of the Misaabekong Ojibwe Language Immersion, Oshki-Inwewin preschool, and the Nueva Visión Spanish Immersion programs at Lowell Elementary. During the 2023-24 school year, the Spanish Immersion program has expanded to include Lincoln Park Middle School.*
- To support the recovery services needs the Special Service Department added two extra weeks to the Extended School Year (ESY) Program.*
- Expanded Check & Connect to include Integration Specialists and American Indian Home School Liaisons to provide student supports to improve academic proficiency, increase graduation rates and improve college or career readiness.*
- In 2023-24, Principals and district leaders are engaged in the Instructional Leadership Academy through the Center of Educational Leadership to further support the learning in the classroom that positively impacts student outcomes.*

Improving Systems

- As part of the PBIS system, district and building teams are using data for analyzing and addressing disproportionality in discipline practices. A new data system that combines all student data from multiple sources into one easy application is being implemented in teams across the district to support this work.*
- To support the implementation of family engagement initiatives to give parents access to district resources and increase communication, a Family and Community Engagement Specialist was hired during the 2023-24 school year to connect families to resources.

GOAL 4

All students are ready for career & college

54

CTE courses offered in grades 9-12

1,046

students took at least one CTE Course

417

students taking more than 2 courses in one career field (concentrators).

87%

of concentrators graduate with in 4 years

Student Achievement Goal:

By the end of their 9th grade year, 90% of students will use the exploration tools in the Minnesota Career Information System to develop a Personal Learning Plan based on their individual interests, skills, and career goals.

Strategies Implemented to Meeting the Goal:

Supporting Every Student

- Duluth Public Schools has partnered through grants with the Duluth Workforce Center to provide a career counselor split between each high school site to help our most at-risk students explore career opportunities.
- Duluth Public Schools continues to expand Career and Technical Education (CTE) offerings and availability to students in grades 9-12.
- Duluth Public Schools continues to provide a minimum of 5 district-wide experiential opportunities for career and college awareness: site-based College and Career Fairs, Construct Tomorrow, Healthcare Career Fair, Tour of Manufacturing, Law Enforcement Career Fair, Military Career Fair, child care, education professional, etc.
- Denfeld and East High Schools are supported by staffed Career Centers. These centers work closely with the Principal of College and Career Readiness and with site counseling departments to bring exploration activities to students.
- Students have the opportunity to earn concurrent college credit through our College in the Schools (CITS) courses.
- Advanced Placement (AP) courses provide opportunities for students to take AP tests that colleges may honor in place of course work. Additionally, students bilinguals are able to take an exam and earn world language college credit through the MN Bilingual Seals program.

Improving Systems

- Hired a CTE principal to expand CTE offerings, grow current programs, leading district teams through planning K-12 college and career exploration, supporting career centers, growing connections to local colleges, businesses and industries. Work-based learning. Career and tech ed internships, defining the pathways, finding pathway opportunities for students.*

All students graduate from high school

Minnesota and Duluth Public Schools define career and college readiness as high school graduates having the “knowledge, skills, and competencies to successfully pursue a career pathway, including postsecondary credit leading to a degree, diploma, certificate, or industry-recognized credential and employment.”

With the new goal the district has set for college and career readiness, we are working toward better preparing students with the knowledge, skills, mindset, and experiences to successfully navigate toward a viable career.

Student Achievement Goal:

By Spring of 2025, the four-year graduation rate of the All Students group will increase to 90%. No student group will have a four-year graduation rate below 85%.

Strategies Implemented to Meeting the Goal:

Supporting Every Student

- Additional funding has been provided to support more school counselors at the secondary level to provide individualized support for all students in their social, emotional, behavioral and academic progress.
- The district has dedicated additional FTE to Denfeld and East to support seniors and juniors who are making efforts to recover credits to graduate on time.

Advancing Equity

- We are continuing to use the Check & Connect program to provide mentors to students in grades 6-12 who are at risk of dropping out of school based on attendance, grades, and behavior data. The district has added a goal within Check & Connect that 80% of students supported will be students of color and/or special education status, providing additional focus on improving those graduation rates.
- Duluth Public Schools continues to use a School Within a School model in core courses in 6-10th grade to provide more support for students who struggle with grade level content in an effort to get them ready for future success in all courses.
- Our alternative to suspension program is a restorative intervention that may be offered at the school sites to reduce punitive disciplinary practices with the goal to reduce the number of out of school suspension days across the district.*
- In 2023-24, the district reduced the self-transportation boundary to 1 mile allowing more students access to district buses in an attempt to reduce absenteeism.*

Improving Systems

- A new data system allows data teams to identify students in need of support academically and behaviorally more easily. The system gives teams a way to look at multiple aspects of student success and identify at-risk students before they fall behind.*

Understanding the Data

There are several factors to consider when reviewing the District's data.

- The data listed in the goals and strategies areas are based on locally administered assessments as well as the state accountability assessments.
- Beginning in 2018-2019 the Minnesota Department of Education recalculated all statewide accountability data using eight race definitions.
- There is no state accountability data reported in 2019-2020 because state testing was canceled due to the pandemic.
- In 2021, there were historically low participation rates in statewide accountability testing.
- When 10 or fewer students tested in an area, the data is suppressed to maintain data privacy.

Due to these factors, year-to-year comparisons should be made with caution.

Year	% Tested Math	% Tested Reading
2017	97.1	98.3
2018	97.1	98.6
2019	97.5	97.8
2020	N/A	N/A
2021	73.3	73.2
2022	94.1	96.4
2023	94.1	94.9

All children are ready for school

2022-2023 Goal: By Spring of 2023, 85% of 4-year-old children who participate in Duluth Public Schools preschool programs will score within the “End of the Year Before Kindergarten Range” in 4 out of 5 domains as measured by the Desired Results Developmental Profile. Domains include Approaches to Learning, Social & Emotional, Language & Literacy, Cognition, and Physical. Growth across all demographic groups will be monitored.

Percent of Students Who Scored within the End of the Year Before Kindergarten Range in 4 of 5 Domains	2022-2023
All students	84.75

College & Career Readiness

2022-2023: By the end of their 9th grade year, 90% of students will use the exploration tools in the Minnesota Career Information System to develop a Personal Learning Plan based on their individual interests, skills, and career goals.

Percent of Students Who Used MCIS Career Exploration Tools	2022-2023
District	73%

North Star Accountability System

Every three years, the North Star Accountability Report is released. In August 2022, the Minnesota Department of Education announced the schools and districts that are in need of additional support through the North Star Accountability System. North Star was created in response to federal legislation called the Every Student Succeeds Act, requiring every state to create an accountability system. Schools are evaluated using the following measures:

Stage 1:

- Math Achievement
- Reading Achievement
- Progress Toward English Language Proficiency

Stage 2 (Elementary/Middle)

- Math Progress
- Reading Progress

Stage 3 (High School):

- Consistent Attendance
- Graduation

Schools identified for support receive one of two types: Comprehensive or Targeted.

Comprehensive is the highest level of need. Support and comes from the Regional Centers of Excellence to schools. Duluth schools that were identified for Comprehensive Support include:

- Area Learning Center
- Myers-Wilkins Elementary
- Piedmont Elementary
- Laura MacArthur Elementary

Targeted offers support to schools from the school district. Duluth schools that were identified for Targeted Support include:

- Academic Excellence Online
- Lowell Elementary

Two schools will receive **Continuing** support:

- Congdon Park Elementary
- Stowe Elementary

Additionally, the Duluth Public School District as a whole has been identified under the World's Best Workforce as a district with the highest percentage of schools identified for Comprehensive and/or Targeted Support. The district will receive additional support from the Regional Centers of Excellence (RCE) and Collaborative Partnerships to Advance Student Success (COMPASS).

Glossary

Tier I Supports

- Involves the delivery of high-quality core instruction that meets the needs of most students in the class.
- A core curriculum that is research-based.
- Instructional practices that are culturally and linguistically responsive.
- Universal screening to determine students' current levels of performance.
- Differentiated learning activities to address student needs.
- Accommodations to ensure all students have access to the instructional program.
- Problem-solving to identify interventions, as needed, to address behavior problems that prevent students from demonstrating the academic skills they possess.

Tier II Supports

- Involves the delivery of research-based intervention(s) of moderate-intensity to address the learning or behavioral challenges of most at-risk students. This is provided in addition to the daily core instruction.
- Typically involves adult-led small-group instruction.
- Duration of typically 10-15 weeks of 20-40 minute sessions 3-4 times weekly.
- Uses clearly articulated validated interventions.
- Evidence-based rather than research-based.
- High degree of fidelity of intervention implementation.
- Frequent progress monitoring every 1-4 weeks.

Social-Emotional Learning

- Is broadly understood as a process through which people build awareness and skills in managing emotions, setting goals, establishing relationships and making responsible decisions that support their success in school and in life.

Multi-Tiered Support Systems (MTSS)

- As a systemic foundation for addressing inequity and improving outcomes for all students.

Positive Behavior Interventions and Supports (PBIS)

- Evidence-based framework for preventing problem behavior, providing instruction and support for positive and pro-social behaviors, and supporting social, emotional and behavioral needs for all students.
