Duluth Preschool Class Preferences

Please tell us your first, second, and third preference of classes you are able and willing to attend.

Children are enrolled based on their age as of 09/01. Enrollment is open for 3 and 4 year olds, but priority is given to children entering kindergarten the following year. In addition to age, priority is given to children who have experience with poverty, homelessness, foster care, and other factors that research shows can have an impact on school readiness.
